

PMW Success Life Coaching - Summer 2009

- Do you have abundance but are NOT happy ☹️ with your current life situation?
- Do you have ample money and resources but are NOT fulfilled?
- Are you stressed and want MORE out of life?
- Do you want MORE out of your career...or maybe a career change?
- Is your relationship NOT working, and you want change...NOW?
- Are you just managing your suffering instead of living life OUT LOUD?

If you answered YES to either of the questions above, ask another question: IS THAT OK?

If it is NOT OK, then read on!

We are all born with a life purpose to BE HAPPY ☺️ and fulfilled. Yet many of us, maybe even a majority in society, get stuck at some point and wonder “What’s it all about Alfie?” Maybe all those years of hard work and commitment are not paying off like you had hoped. Whatever the case may be, here is the answer to help you push to a new level this summer!

To get the results that millions have achieved, we must study their approach and learn to adopt it into our own lifestyles. Lawyers study law, teachers study teaching, nutritionists study nutrition, and the list goes on. If we want success then we must study “success” and apply the success principles in our daily lives. **It sounds easy, and it is easy ... with the right coach.**

Anthony (Tony) Robbins was right when he said “success leaves clues.” Tony Robbins is considered the “Father of Life Coaching.” **Paul Michael White and Tony share the same mentor:** Mr Jim Rohn, www.jimrohn.com who has trained and helped MILLIONS around the planet achieve their life dreams and enjoy life to the fullest. We have only one life to live and if you answered YES to any of the questions above, NOW IS THE TIME TO CHANGE YOUR FUTURE!

I first experienced Paul at a Positive Thinkers Celebration, where he was showcased with several other speakers. After hearing most of the other speakers, I figured it would take a very special person to top what I had already experienced. Paul did not disappoint! I was so impressed with Paul's energy and enthusiasm that I contacted him personally to provide some one-on-one coaching to help me develop as a public speaker, and to further enhance my career plan. Paul provided powerful tools to assist me in "letting go of the outcome" and to focus on what I want...and I have achieved! I will continue to use Paul's success life coaching as I develop my own personal speaking style to teach and motivate groups. Not only does he talk the talk, but he walks the walk! **Karen Humby**
